

UCLA, Econ 19 - Fall 2018

This website contains class material for the class *Econ 19* at the University of California, Los Angeles (UCLA). The class is taught by François Geerolf. The syllabus for the class is available here:

Syllabus. pdf / html

You should read the following piece before classes start:

Rosen, Sherwin. “The Economics of Superstars.” *The American Scholar* 52, no. 4 (1983): 449–60. [Link](#)

We will also do some hands on web scrapping in the class. The instructions to download R statistical software are available below.

Intro to R. pdf / html
