

UCLA - Econ 221 - Fall 2018 - Geerolf

Topics in Empirical Macro and Finance

This website contains all the class material for *Topics in Empirical Macro and Finance (Econ 221)* I teach in 2nd year Ph.D at UCLA.

I provide a syllabus for the class and a preliminary timetable below. I give a short introduction to R Statistical Software, which will be useful for the hands-on session (lecture 2), as well as for your replication exercise. I provide some links to miscellaneous resources on researching, writing, presenting, coding, etc.
